

Ms. Cookson's Second Grade

AMI Plan - Important Information

Dear Winston Redbird Second Grade Families,

In the event that we would have an AMI during this 2025 - 2026 school year, I want all of us to be prepared. These AMI days will be filled with activities and standard based learning to engage students on their chromebook when they are at home.

If you are concerned or have questions please reach out to me, because I will be available on these days during the hours of 9am - 3pm. I will answer, assist, and support you and your second grader as best as I can. In a case where parents are not home with their student, you can give my contact information below to any who will be working with your child.

How do I contact Ms. Cookson? How do my students contact Ms. Cookson?

- Parents can message me via Remind (<https://www.remind.com/join/37hggkg>)
- Students can ask question through Google Classroom or through Securely
- Email (hcookson@winston.k12.mo.us)
- Technology questions can be answered through Ms. Cookson or Mrs. Linda Warford, who is our technologist specialist (lwarford@winston.k12.mo.us)
- For students who don't have access to the internet, the district has options to help your student succeed.

Live Google Meet Session(s) with Ms. Cookson

Students will be expected to meet with Ms. Cookson and the class each AMI morning at 9AM. In this meeting we will be going over the daily expectations, checking in, and collaborating with each other to start our successful AMI day.

Students can access this by going to google classroom and going to the left. They will see a google meet button. They can use this for morning meetings and instructional teacher time. The schedule is attached for the day.

AMI Schedule

Please find the attached AMI Schedule outlining the activities planned for the day. This schedule will serve as a comprehensive guide to help you and your second grader navigate through the various tasks and assignments.

When we are back to in-person I kindly ask students to bring back their chromebooks, chargers, and any finished paper assignments (if any.)

Thank you for your flexibility, cooperation, and continued support. Stay warm and safe!

Best Regards,
Ms. Cookson
