*In order to be counted present for the day, students must attend live using the Google Meet link that will be sent to their Gmail, otherwise the student will be counted absent. I will also use Google Classrooms to push out work to students. I will post assignments and messages in the stream. We may use the Wonders Website for ELA. I will be live for the lessons and then give students time to work independently on work to practice what was just taught. Your child may need blank paper to work on.
