# Classroom News

Mrs. Jessen's Class

## Learning This Week

Math- Students are working on division. Last week we learned different strategies to make equal groups. Students are learned how to make their answer better by justifying their answers with pictures.

ELA- We are reading Charlotte's Web. We are working on summarizing this week the important events as well as seeing how the events affect the story.

Social Studies- We are looking different resources that help our economy by creating an income.

Science- Students are researching animals and identifying two behavioral adaptations and one physical adaptations Students will present their findings in a group presentation.

Zones of Regulations- We have implemented Zones of Regulation into our Genius Hour. Students are learning how to regulate their emotions and how their emotions affect others.

Dec. 14: School in Session
Dec. 18: Last day of first semester

## Weekly progress

By this Friday students should have completed 12 IXL skills in each area: Math, ELA, Social Studies, and Science. Students are given 30 minutes each day to complete 2 skills and they should easily complete those skills each week if they focus and work.

Students should also be half way to their AR goals by last Friday also. Students are given 15 minutes to read daily in class to help them achieve their goals.

Students are rewarded for meeting both their IXL and AR goals each quarter.
