

OCTOBER 12, 2026 NEWSLETTER

Mrs. Jessen's Room

Dear Families,

We are looking forward to celebrating fall with our upcoming classroom parties! We always enjoy making these special days fun and memorable for our students.

This year, we must follow our school-approved snack guidelines during the parties. The only approved snacks will be fresh fruit and granola bars, and water will be the only drink allowed during the party.

If you would still like to send a special treat for your child's classmates, you are welcome to provide treat bags for students to take home and enjoy after school hours.

Thank you for your understanding, support, and help in making our fall parties fun for everyone! We appreciate all you do for our classroom and look forward to a wonderful celebration with our students!

Mrs. Jessen

TWO DIGIT ADDITION

Math- Working on multiplication facts. Students are starting to figure out which strategy they should use to be successful when solving.

Reading- Students are reading Charlotte's Web. They are enjoying the story and we are having great conversations about the story elements.

Science- We are exploring how traits are passed from parents to offsprings in animals this week.

Social Studies- Students plans for creating their Missouri Regions and Rivers look great. Tuesday they will begin the creating with salt dough and paints.
