November 18 winston tournament no practice.

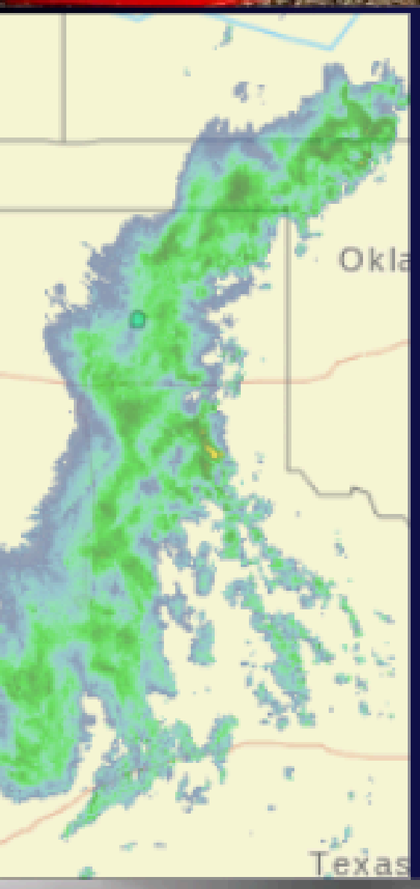

November 19 winston tournament no practice.

November 20 winston tournament no practice.

did you know that storm chacers go right in front of the tornado's path to place probes and drive as fast as they can to run from the tornando

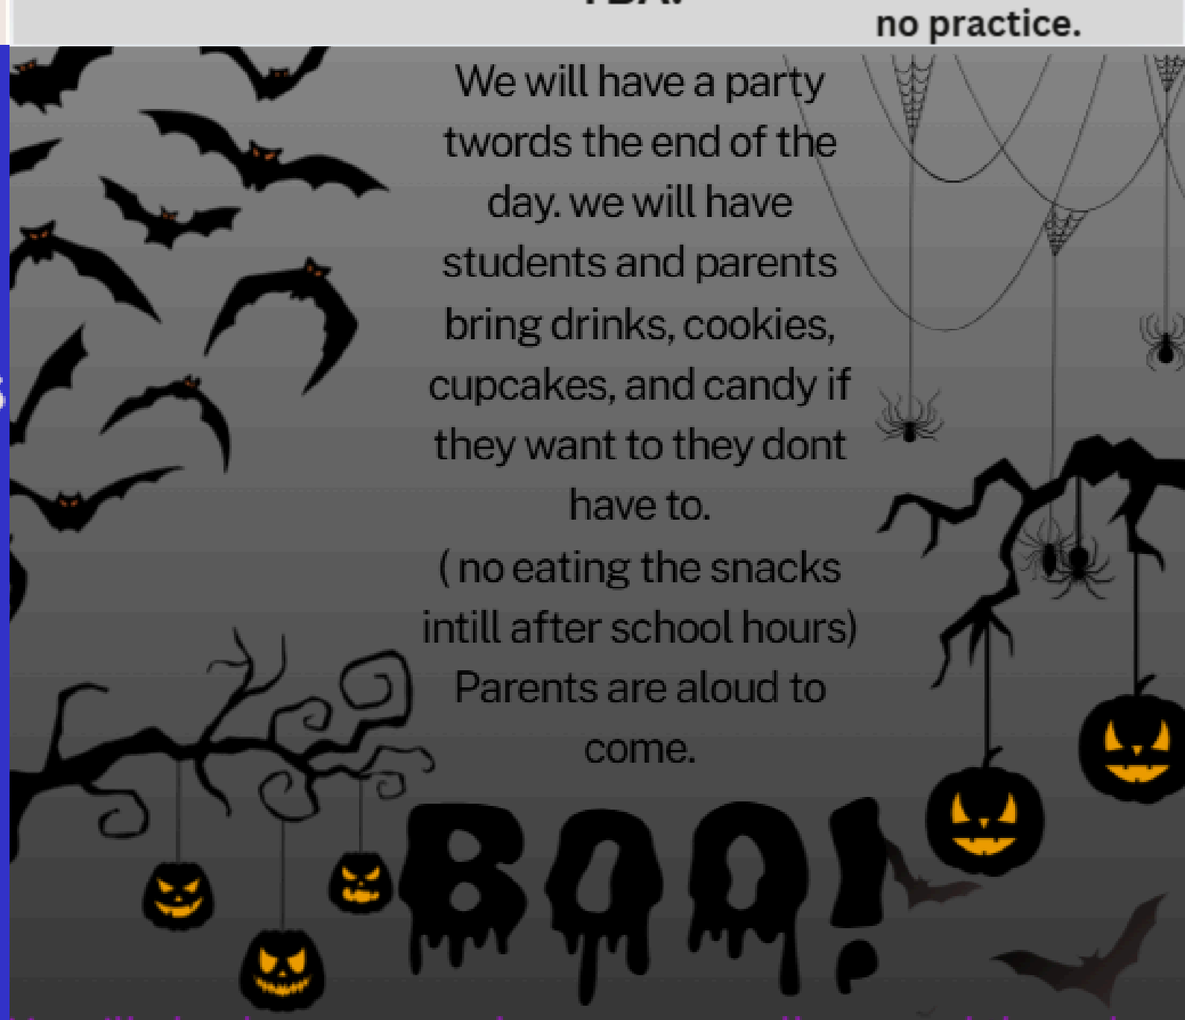

a probe is used to go into a tornado and reads data and how strong the the winds are this preticular probe is a tiv hammer probe made by sean Casey

We will have a party twords the end of the day. we will have students and parents bring drinks, cookies, cupcakes, and candy if they want to they dont have to.
(no eating the snacks intill after school hours)
Parents are aloud to come.

We will also have a parade were we walk around the schoo in our costumes and our parents/guardians are aloud to watch us.
